

Free Fall International Foundation, Inc

Presents

Free Fall Tampa 2018

2 Day Conference

Women Restoring Women

September 29th & 30th at the Straz Center in Tampa, FL

Free Fall International Foundation, Inc creates events which will give voices to those who have been silenced by injustice with loss of self-confidence and self-esteem, thereby empowering them to restore human dignity; and to provide the resources for people to obtain dignified alternative critical care.

Life can often feel like a free fall without a security net or support. Free Fall International Foundation hopes to be your safety net, reconnecting you to your inner strength, your purpose and your passion.

In this 2 day women's conference, we will discover our unique design for our community and our relationships. We will rise up as trailblazers with intuition, embodying the warrior spirit for this divine purpose and ultimate personal success.

We have an amazing line up of Ten Powerful, Successful women who will give you a fresh outlook and a restored drive! Here you will be inspired by stories of individual courage, strength in surviving violence and even the difficulties of overcoming grief. Uncover ways to raise your own self-image, learn the power of forgiveness, and identify ways that you can take care of you. Our hope is this experience will help women transform from suffering in silence, repression and longing for approval to elevated women who are strong, proud, confident leaders fulfilling the mission of one's full authentic design.

We can make an impact. Start a change. Yet, we need help. We would like to as that you consider sponsoring our **Free Fall Tampa 2018** 2 Day Women's Conference to help us make an impact... start a change... empower our women. Your sponsorship will dramatically change the lives of the attendees while also benefitting two nonprofits and their mission to make a difference:

50 Shades of Silence – Non-profit 501(C) www.50ShadesofSilence.com

Support assists in-school education, public awareness and other resources and materials needed to assist cyber harassment cyberbullying prevention

Answered Prayers Project-Non-profit 501(C) www.answeredprayersproject.com

Support assists women with everyday challenges through authentic relationships and art therapy.

Mission: To build collaborative workforce opportunities for women to grow in relationship through faith, cloth and clay.

There are several support options that we have included that will all generate you amazing visibility, exposure at the conference and in our marketing efforts.... However, the best part...the biggest reward, is knowing that you had a part in changing someone's life and reaching a hand out and passing along compassion, inspiration and even hope.

We also want to invite you to share this opportunity with women you feel would love to attend, need to attend or need a girl's weekend. If you know of an organization that is passionate about helping women rise above the hardships and generate amazing success, please share with them and encourage them to help us Inspire Tampa Bay at the **Free Fall Tampa 2018** Women's Conference.

Thank you,

Maria Malec
